

Mapping Resilient Ecosystems

CHECK-IN:

1. What is my water level?
2. What is my water quality?
3. Is my water level now rising or falling?

- GUIDELINES FOR WOMEN BELOW...
1. No further damage.
 2. Curate big decisions.
 3. Raise the water level.

Sreeta Smetana

Resilience design questions —

1. "What's my current water level?"
2. "What's my current water quality?"
3. "Is my water level now falling or rising?"

Rebecca Smetana

Below the burnout level?

1. "No further damage?"
2. "Curate my decisions."
3. "My changes to raise the water level are..."
